

THE BOERS

Making Arrangements For the
Excursion.

Some Terse Remarks By Our
Summer Coon.

(Continuation of the Bore Revival.)

Bore still quite making arrangements for the great excursion preparing themselves with smokeless ammunition. I think by the time another revival meeting rolls around there will be large numbers of the unsaved aply for first class tickets. The most of the Bore amadgin that tha cant get a throe ticket over a first class rout unless his or her harness lums up as fine as those in better circumstances. S there is a good deal in that as far as this country is concerned, but my dear friends you must remember this Life in this country is only a temporary Summer Job it will all fade away with us soon or later, we can safely judge by others who have lit out unexpectedly long ago and still the grate excursion trains come and go, my dear Brother and Sisters don't let fine cloth and a little dab of money get your Brains tangled up in this life as to cans you to make that grate mistake with your sale, and don't fool away to much of your time foolishly your checks may be demanded at any time therefore les make a shure shot we can't come back after leaving here once if wee could wee mile make sum changes from the first, but there is only one trip throe this world for us, so I hope you will all keep your eyes on the pistol and be ready to dauc to the music of your calling if you take your bible and investigate it closely you will finde there is but only two more places for emortal man after leaving this erth and one of them is sed to be a very nice milde climate, and one is as hot as red pepper. So it is all left to your choic; if you prefer a hot climate there ar not many heading any clianges made in them the grate magoraty of the hot climate seekers is on the rite road if tha want to take a hot Brim Stone Bath, but if you should change and want to go to the land where cream and honey flows you will hav to hav your sales repaired considerable. You must come cleen and spotless, won't do to bear any olde Taylor sores on your nose if you expect to reach the happy shore, come rite along good people and get in the Band wagon and be prepared to meet the Lord in the happy land, don't give the devil all of your services in this life if he should be so lucky as to get all of you unworthy Taylor Suckers he would go back on all he has promest you. don't you see he is a deceiver all along the line. He is all ways expecting a hard winter and don't want to be cut short of his winter fuel that is why he is always trying to get us with him. he prefers us kantuckians in preterane to all others because he nose wee are saterated with olde Taylor and will burn longer. I am doing my best to keep him from getting mee. I hav bin soaked in olde Taylor for forty years and he would pay a extra price for all sutch timber as mee he would save mee for his parlour fires when mark hanah and the local county Bushwhackers, called on him. Good people take heed in time there are not one of us that can tel whither wee will bee here all the Summer or not.

WE ARE NOW SHOWING AND INVITE
YOUR INSPECTION OF OUR

Lexington, Ky.

walk chicken with your head pecked and be prepared for Pat Shannon's -upe kittle next winter.
Summer Coon.

What To Do With The Boys.

We clip the following from the Richmond Climax, from the pen of J. R. B. of Danville, which we heartily endorse, as the same things occur every night on the streets of our city:
The warm weather is now coming on and with it the tendency to loaf. Already every evening when the weather is at all permissible, great numbers of boys are heard making a date for meeting on the streets at night. Something like twenty boys, between the age of seven and seventeen, spend several hours after supper in the worst form of idleness. Whose boys are these? They have or once had parents who are responsible for their bringlog up. While the number mentioned seems small it might be considered large for a town of this size. Why do these boys wish to congregate on the streets at night? There are no saloons, what harm can they do? Any casual observer may notice almost a mania among them for certain forms of gambling. They engage in many of the petty gambling schemes and the seed of evil is planted and will soon spring up and bear fruit. Already some of them are slipping around and playing cards in hidden corners. Does it require the gift of prophecy to tell what will be the inevitable outcome of such conduct.

What is the remedy? Something ought to be done and done now. If the ministers and newspapers are not able to reach this class, it becomes the duty of the State. The nearest approach Kentucky has had to legislation on this question was the enactment of the compulsory education law. That immediately became a dead letter, and our God forsaken Legislature is spending its time and the statemen are wrangling over political questions and the satisfying of political ambitions, rather than those that really effect the State's highest welfare. It seems in Kentucky the false idea of manhood are certain to prevail for awhile. Though it be so, our town can, in a measure, protect itself. Let us have a curfew law and officers that will enforce it. This town is bringing down a curse upon its own head by diligently providing methods for punishing certain evils, and at the same time allowing the cause of these evils to continue to exist.

The boys and girls that are now growing up unrestrained will make men and women. As a rule they marry at an earlier age than others. To their credit let it be said they are less addicted to that appalling crime found in high society, the aversion. The causes need not be discussed here, but the writer is an earnest advocate of the State's help in this most important matter. In nearly all the States of the union much is being done. The South is especially behind. The snobs want no extra effort made, while the lower classes take no thought of the matter. It remains for the middle classes to control. Schools should be the pride of the mountains. The boys and girls too, hear so much talk about "red licker" and "white licker," pistols and Winchester rifles, the courage and nerve shown by the various ones engaged in the disgraceful fight and feuds, it will take all the moral training possible to counteract the effects.

For Sale.

Two building lots; 4 acres each; no town taxes. Also 12 yearling steers; 42-34
H. H. RINGO.

We are closing out our large stock of Carpets AND Mattings AT Cost! Don't wait if you expect to secure bargains. They are going fast. We have a large line of Furniture from which you can select almost anything in our line you may want. Come and get prices before you buy.

UNDERTAKING A SPECIALTY.
SUTTON & HARRIS,
Opp. Court House,
MT. STERLING, KY.

The Bath County World, which was destroyed by fire at Sharpshurg on the morning of April 2, will resume publication about May 25. The new building is rapidly going up, and a new printing outfit will be installed as soon as possible.

Look for the Warning.

Heart disease kills suddenly, but never without warning. The warnings may be faint and brief, or may be startling and extend over many years, but they are none the less certain and positive. Too often the victim is deceived by the thought, "it will pass away." Alas, it never passes away voluntarily. Once installed, heart disease never gets better of itself. If Dr. Miles' Heart Cure is used in the early stages recovery is absolutely certain in every case where its use is persisted in. "For many years I was a great sufferer from heart disease before I finally found relief. I was subject to fainting and sinking spells, fullness about the heart, and was unable to attend to my household duties. I tried nearly every remedy that was recommended to me and doctored with the leading physicians of this section but obtained no help until I began taking Dr. Miles' Heart Cure. It has done me more good than all the medicine I ever took."

Mrs. ANNA HOLLOWAY,
Geneva, Ind.
Dr. Miles' Heart Cure is sold at all druggists on a positive guarantee. Write for free advice and booklet to Dr. Miles Medical Co., Elkhart, Ind.

Read in other columns of this paper the pedigree of Cecil Wilkes, the grand stallion, which is making the season at the home of W. E. Bean, near this city. This is the best bred horse ever brought to this county.

W. W. Mayhew Merto Wis., says: "I consider One Minute Cough Cure a most wonderful medicine, quick and safe." It is the only harmless remedy that gives immediate results. It cures coughs, colds, croup, bronchitis, gripe, whooping cough, pneumonia and all throat and lung diseases. Its early use prevents consumption. Children always like it and mothers endorse it.

For sale by F. C. DIERSON, Druggist.

In order to avoid the expense of canvassing our country hams I will close our stock at 13-cents per pound. The finest corn-fatted beef anywhere. W. W. WILSON.

THERE IS ALWAYS ROOM AT THE TOP!

With time and experience there is nothing so good in this progressive age but what can be improved upon.

"THE KING FILTER!"

Patented January 2, 1900.

By far the most fruitful avenue for the elements of disease to enter the human economy is through the water we drink, and thousands upon thousands of our fellow beings find untimely graves every year simply because of the grossest negligence and inexcusable ignorance, failing to attend to this all-important matter. The ordinary filters put up all over the land being nothing more or less than hotbeds of disease and death, far worse than any filter at all, containing foul, stagnant, decomposing water, full of filth of all kinds that accumulate on the roofs of your houses to be carried into your system to be used for drinking purposes.

A Look

into one of these modern death-traps after it has stood unemptied for weeks, and often months, would surely nauseate the strongest and convince the most incredulous that they were far better off if they had no filter. The most casual comparison of the

"KING"

with any other filter, would convince any reasonable person at once of its vast superiority, and show them that they could ill afford to purchase any other simply because it was cheap; for certainly the BEST is the cheapest where comfort, health and life are at stake. And though the price may seem at first sight a little high, when you remember that being an AUTOMATIC SELF-EMITTER, and therefore an ANTI-FREEZER, you avoid the bursting of pipes and filters, which is the rule with all others on the market, and the necessary repairs. You will not fail to see at once that, besides being the only health-preserving filter made, it is also THE CHEAPEST FILTER MADE. Don't be deceived by the beautiful exterior of the filters offered you, or the glossy talk of the dealer when he says, "mine is much cheaper and about as good," but men and women of thought look into the filter and its merits, remembering the value of the health and lives of your loved ones. And ask yourselves, "can I afford to take the risk for the petty sum of a few dollars?"

To be sure not to purchase before you examine the "KING FILTER" manufactured by the

King Filter Co.,
MT. STERLING, KY.

Medical Sanitary Boards endorse it, and all who have tried it endorse it.
